Call to Order

- Bryan Call (Chair)

Discussion Items:

- Minutes were not approved because we didn't have enough parents present.
- Updates on:
 1. COVID Update - No closures foreseen. All are experiencing mask fatigue. We are waiting to hear back from the District regarding the state's lifting of the mask mandate.
 2. Events (Band/Orchestra Concerts; School Musical; Choir/Guitar Concerts) People have been willing to make adjustments. Bryan commented on how grateful he was that his daughter could participate in "Oliver!" and how wonderful the cast and crew were to her.
- Other Items
 1. Fee Schedule - We have submitted the schedule for next year's fees. We didn't change a lot of fees. Most are \$5 - \$7. The basic fee is \$65. \$25 for school activities, and the entry level class fee is \$10.
 2. Dress Code - The Board is revamping the dress code (AA419)

3. Student Groups/Clubs - We have asked if our school can have clubs. We have had them in the past (Coding, robotics, etc.). Part of the issue is that such a large percentage of our students are bused.
 4. Panorama SEL (Survey) - 19 Schools participate in this platform about data-based decision making.
 5. Friday schedule - there are many issues and the district has surveyed parents and teachers and will make their determination public as soon as it's decided.
- Counseling Center Update
 1. We had a great Hope Week (week designed to decrease teen suicide). We have 27 kids on the Hope Squad and they ran the week.
 2. Our counselors are meeting with Ft. Herriman and Mtn. Ridge to collaborate on projects.
 3. Just finished up the 9th grade career unit
 - Landtrust Plan
 1. We need to approve last year's budget of \$153,395.17
 2. We want to streamline all school goals under the four areas of the National Schools to Watch
 - a. Academic Excellence
 - b. Developmental Responsiveness
 - c. Social Equity
 - d. Organizational Structures
- How? Can the administration provide more details?
