conversations and discuss things in addition to grades. Worthwhile and would like to see them continue.

- Is it possible to have a que that informs parents where they are in the waitroom?
  --At this time that is not a feature in ZOOM. School considered having teachers message the waiting room but it is difficult to manage the waitroom as well as be present in the conference you are attending. We will continue to look at other options for future conferences if this format continues.

- School celebrations and updates
  - Great beginning to the year in spite of the restrictions and uncertainties. Students are cooperative and willing to follow mask guidelines. Teachers are working VERY hard to do amazing things for kids and keep them engaged. All teachers have class information available on Canvas.
  - All students have their own chromebooks
  - Kindness week has been a success!

- COVID impact update
  - Movingforward.jordandistrict.org for updated information regarding active cases and quarantine numbers for the school. Currently SHMS is under 6.

- Community Council Virtual meetings
  - Motion to conduct council business by whatever electronic means necessary (email, zoom, virtual meetings, etc.) --Julie Thomson
  - 2nd--Bryan Call
  - Vote--approved unanimously

- Counseling Center update--Valerie Ashley
  - Working with 9th grade students failing 1st quarter
  - 8th grade PCCRs--goal of 95-96% attendance to be maintained.
  - Preparing for the performance review. Survey sent out to the community. Student/teachers participated in it as well.
    - Feedback: parent survey was just a little too long. Can it be kept to 20 questions or less?
